MUNICIPAL PERSPECTIVE ON THE LOCALISATION OF SDGS

Steve Tshwete Local Municipality

- ❖ STLM not reporting as yet on SDG
- ❖ IDP, During the development of IDP efforts were made to ensure that integration and institutionalization of the SDG in the planning processes of the municipality is achieved.
- ❖ Performance plans
- ❖ SDG's incorporated when developing plans, programmes or approving projects
- ❖ Policies, sector plans and strategic plans, SDF
- ❖ Long term planning- 2040- Inclusive of SDG's
- ❖ Partnership with ICLEI, currently on second phase
- ❖ Vulnerability Assessment completed, currently looking at developing a climate change strategy

Steve Tshwete Local Municipality

- ❖ Greenhouse gas inventory (ICLEI)
- ❖ CDP (carbon disclosure project)- Carbon Unified Reporting Platform
- ❖ GIZ Partnership and other local partnerships
- ❖ Infrastructure sustainability (Transactional advisors)
- ❖ Energy- projects for alternative energy implemented (solar projects and street lights) but requires continuous research)
- ❖ LED unit- SMME's support and forming partnerships including mining industry
- ❖ Industry (Middelburg chamber of commerce) and infrastructure- setting aside of sites for business purposes
- ❖ Striving to implement sustainable projects

Steve Tshwete Local Municipality

- ❖ Health and Environment, sanitation and clean water are prioritized
- ❖ Responsible production and consumption (awareness, projects implemented)
- ❖ Promote learning (libraries and bursaries) and allocate sites for schools
- ❖ Public safety- law enforcement unit
- ❖ Community awareness in different approaches and involvement
- ❖ Integration of different units/departments on working towards this goals
- ❖ Research and continuous planning for implementation of projects/programs in line with SDG's
- ❖ Political support
